2 kinds of co-production:

1. Concept development
2. The daily use of the concept

Concept development

What does the service user panel say:

”I feel proud of being a part of this”

”It is like our little child”

”we are a part of something that will lead to a positive change for a lot of service users i Randers”

”Just do it!

The professionals in the project group say

”We could not have developed as good material without the service user panel”

The daily use of the concept

Evaluation Plan

Target group: 110 service users and 56 employees

- Questionnaire:
 - Service users
 - Employees
- Interviews:
 - Service users
 - Employees
 - Leaders
- Measuring the development of setting and achieving goals

Results from the first testperiod

- We are still in the process of testing the concept
- We find that citizens we thought we knew well, contains much more resources, when we talk to them in a new way.
- The service users in the target group is to a greater extent familiar with the agenda of the annual meeting and know what they want to say
- The service users in the target group say a lot more during the meetings and are more involved in the goal setting and the scoring
- The citizens in the target group to a greater extend set goals which are realistic and which can be accomplished within a short period of time
- The citizens in the target group are to a greater extend motivated in achieving their goals

Final evaluation January 2020
